INDEPENDENT AUDITOR'S REPORT

To the Members of Richmond Addiction Services Society

Report on the Financial Statements

Opinion

We have audited the financial statements of Richmond Addiction Services Society (the Society), which comprise the statement of financial position as at March 31, 2021, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Society as at March 31, 2021, and the results of its operations and cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO).

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Society in accordance with ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the Annual Report, other than the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of the auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASNPO, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

(continues)

In preparing the financial statements, management is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Society's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report to the Members of Richmond Addiction Services Society *(continued)*

Report on Other Legal and Regulatory Requirements

As required by the Societies Act of British Columbia, we report that, in our opinion, the accounting policies applied in preparing and presenting the financial statements in accordance with ASNPO have been applied on a basis consistent with that of the preceding year.

RICHMOND ADDICTION SERVICES SOCIETY

Notes to Financial Statements

Year Ended March 31, 2021

1. NATURE OF OPERATIONS

Richmond Addiction Services Society (the "Society") was formed to provide support and services for the prevention and treatment of addiction in the community in Richmond, British Columbia.

The Society is incorporated under the Societies Act of British Columbia and is classified as a tax exempt not-for-profit organization and as a charity under the Income Tax Act (Canada) and, accordingly, is not subject to income taxes.

2. BASIS OF PRESENTATION

The financial statements were prepared in accordance with Canadian accounting standards for not-for-profit organizations ("ASNPO").

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash includes cash and cash equivalents deposited at Canadian banking institutions.

Cash equivalents are investments in term deposits and are valued at amortized cost. The carrying amounts approximate fair value because they are readily convertible to a known amount of cash.

Capital assets

Capital assets are stated at cost or deemed cost less accumulated amortization. Contributed assets are recorded at fair value at the date of contribution. Repairs and maintenance costs are charged to expense. Betterments which extend the estimated life of an asset are capitalized. Amortization is provided on a declining balance basis at the following rates:

Computer hardware	33%
Equipment and furniture	20%
Leasehold improvements	10%
Computer hardware under capital lease	33%

Capital assets are reviewed for impairment whenever events or changes in circumstances indicate that the either the full or partial amount of the asset no longer has long term service potential to the Society. If such conditions exist, an impairment loss is measured at the amount by which either the full or partial carrying amount of the asset exceeds its residual value.

Capital assets acquired during the year but not placed into use are not amortized until they are placed into use.

Internally restricted net assets

Internally restricted net assets represent amounts restricted by the Board of Directors (the "Board") for designated purposes and are not available for use in ongoing operations without the approval of the Board.

(continues)

RICHMOND ADDICTION SERVICES SOCIETY
Notes to Financial Statements
Year Ended March 31, 2021

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Revenue recognition

The Society follows the deferral method of accounting for contributions, which includes grants and donations.

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Externally restricted contributions are recognized as revenue in the year in which the related expenses are recognized. Contributions restricted for the purchase of capital assets are deferred and amortized into revenue at a rate corresponding with the amortization rate for the related capital asset.

Revenue from other sources are recognized when earned and collection is reasonably assured.

Contributed services

The operations of the organization depend on both the contribution of time by volunteers and donated materials from various sources. Due to the difficulty in determining the fair value of volunteer hours and donated materials, contributed services are not recognized in these financial statements.

Employee future benefits

As part of the union contract that the Society is a party to, the Society has certain obligations with respect to sick leave and severance benefits. The accrued benefit obligation is based on the most recent actuarial valuation report prepared for funding purposes.

Measurement uncertainty

The preparation of financial statements in conformity with ASNPO requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. Significant areas requiring the use of estimates include the determination of the estimated useful lives of capital assets. Actual results could differ from these estimates.

The COVID-19 pandemic has resulted in the disruption of global trade, which has had wide-ranging impacts on the Canadian economy. Certain amounts recognized in the financial statements including the provision for doubtful receivables are subject to increased levels of measurement uncertainty. The recognized amounts are based on management's best information and judgment but the eventual amounts realized may be materially different from these amounts.

4. BC GAMING COMMISSION FUNDS

	<u>2021</u>	<u>2020</u>
BC Gaming Commission funds, beginning of year	\$ 64,187	\$ 60,001
Contributions received	77,000	64,200
Amounts recognized as revenue	<u>(35,880)</u>	<u>(60,014)</u>
BC Gaming Commission funds, end of year	<u>\$ 105,307</u>	<u>\$ 64,187</u>

RICHMOND ADDICTION SERVICES SOCIETY

Notes to Financial Statements

Year Ended March 31, 2021

5. **FOUNDRY ASSETS AND LIABILITIES**

During the year, the Society was notified that they would no longer be the lead agency for the Foundry program in Richmond ("Foundry"). The details surrounding the change from being the lead agency into a supporting role are still being worked out with the Provincial Health Authority, who is ultimately responsible for the program. As a result, the Society expects that the funds that they have received under the original contract, net of any expenses that were incurred under the terms of the original contract, will become fully repayable. Therefore, the Society has classified amounts from deferred contributions to amounts due to Foundry and the corresponding cash as Assets held for Foundry on these financial statements. These balances are summarized as follows:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 878,639	\$ 246,948
Capital assets	89,172	-
Assets held for Foundry	967,811	246,948
Due from Foundry included in accounts receivable	2,456	103,541
Amounts paid on behalf of Foundry included in prepaid expenses	-	101,066
Included in capital assets	-	15,018
Due to Foundry	(966,339)	(461,610)
	\$ 3,928	\$ 4,963

As part of the original contract, the Society acquired capital assets to deliver the Foundry program. These assets had been delivered to and installed in the premises being used by the Foundry program under the new lead agency.

For the assets acquired by the Society with funds provided by the Foundry Central Office, the Society has removed the assets from its records by applying the deferred capital contributions against the carrying cost of the assets with no gain or loss having been realized on the transaction.

The remaining receivable balance represents assets acquired by the Society on behalf of Foundry for which it has not yet been reimbursed.

6. **CAPITAL ASSETS**

	Cost	Accumulated amortization	2021 Net book value	2020 Net book value
Computer hardware	\$ 29,817	\$ 19,858	\$ 9,959	\$ 9,398
Equipment and furniture	13,006	9,917	3,089	7,267
Leasehold improvements	5,557	2,663	2,894	15,248
Computer hardware under capital lease	12,107	12,107	-	-
	\$ 60,487	\$ 44,545	\$ 15,942	\$ 31,913

RICHMOND ADDICTION SERVICES SOCIETY

Notes to Financial Statements

Year Ended March 31, 2021

7. DEFERRED CONTRIBUTIONS

Deferred contributions represent both funding that is received in advance of the delivery of services and unspent externally restricted contributions. The changes in deferred contributions for the year are as follows:

	<u>2021</u>	<u>2020</u>
Deferred contributions, beginning of year	\$ 294,357	\$ 300,358
Contributions received	143,944	352,338
Amounts recognized as revenue	<u>(365,715)</u>	<u>(358,339)</u>
Deferred contributions, end of year	<u>\$ 72,586</u>	<u>\$ 294,357</u>

8. SICK AND SEVERANCE

The Society has obligations to certain of its employees in respect of accrued sick leave and severance benefits. The continuity of the Society's employee benefit liability, which is equal to the actuarial obligation, is as follows:

	<u>2021</u>	<u>2020</u>
Opening balance	\$ 86,029	\$ 85,203
Service and finance costs	11,166	11,067
Actual benefits paid	(28,990)	(7,000)
Actuarial (gain) loss	<u>30,665</u>	<u>(3,241)</u>
	<u>\$ 98,870</u>	<u>\$ 86,029</u>

The accumulated obligation for sick and severance allowance benefits is as follows:

Sick leave benefits	\$ 41,353	\$ 36,623
Severance benefits	<u>57,517</u>	<u>49,406</u>
	<u>\$ 98,870</u>	<u>\$ 86,029</u>

RICHMOND ADDICTION SERVICES SOCIETY

Notes to Financial Statements

Year Ended March 31, 2021

9. DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions represent the unamortized and unspent amount of donations and grants received for the purchase of capital assets. The amortization of capital contributions is recorded as revenue in the statement of operations. The changes in deferred operating contributions for the year are as follows:

	<u>2021</u>		<u>2020</u>
Deferred capital contributions, beginning of year	\$ 14,581	\$	5,348
Contributions received	3,438		15,000
Amounts recognized as revenue	(8,328)		(5,767)
Deferred capital contributions, end of year	<u>\$ 9,691</u>	\$	<u>14,581</u>

10. INTERNALLY RESTRICTED NET ASSETS

The Society, in accordance with Board approval, has designated \$60,000 of the net assets of the Society to use in the event that the Society experiences a delay in receipt of its funding sources or experiences the cancellation of a contract or a reduction in funds from its funding sources. The amount in the reserve is internally restricted and is not available without the approval of the Board.

11. GOVERNMENT ASSISTANCE

The Society claimed \$13,171 of government assistance under the 10% Temporary Wage Subsidy for Employers program. This amount has been reported as Government Assistance under Other Revenues and Expenses on the Statement of Operations. The Society does not expect to repay any of the amount claimed.

12. COMMITMENTS

The Society is subject to minimum future lease payments for certain equipment and its premises expiring on various dates up to July 31, 2022. Future minimum lease payments as at March 31, 2021, are as follows:

2022	\$ 72,790
2023	<u>24,263</u>
	<u>\$ 97,053</u>

RICHMOND ADDICTION SERVICES SOCIETY

Notes to Financial Statements

Year Ended March 31, 2021

13. PENSION PLANS

The Society and its employees contribute to the Public Service Pension Plan and Municipal Pension Plan (jointly trusted pension plans). The board of trustees for these plans, representing plan members and employers, are responsible for administering the plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at March 31, 2020, the Public Service Pension Plan has about 67,000 active members and approximately 51,000 retired members. As at December 31, 2020, the Municipal Pension Plan has about 220,000 active members and approximately 112,000 retired members.

The latest Public Service Pension Plan actuarial valuation as at March 31, 2020, indicated a funding surplus of \$2,667 million for basic pension benefits. The next valuation will occur March 31, 2023.

The latest actuarial valuation for the Municipal Pension Plan as at December 31, 2018, indicated a \$2,866 million funding surplus for basic pension benefits and a balance of \$2,485 million in the rate stabilization account. The next valuation will be as at December 31, 2021, with results available in 2022.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

The society paid \$81,294 for employer contributions to the plan in fiscal 2021.

14. DISCLOSURE OF EMPLOYEE, CONTRACTOR, AND DIRECTOR REMUNERATION

The Societies Act of British Columbia requires the disclosure of remuneration paid by the Society to employees and contractors whose remuneration was at least \$75,000 and any amounts of remuneration paid by the Society to directors.

For the fiscal year ended March 31, 2021, the Society paid total remuneration of \$607,525 (2020 - \$620,495) to 7 employee (2020 - six) for services, who received total annual remuneration of \$75,000 or greater. Included in remuneration is the cost of salaries and premiums for employment insurance, Canada pension plan, workers compensation, benefits including medical, dental, life insurance, long-term disability and pension.

No remuneration of \$75,000 or greater was paid to contractors for services and no remuneration was paid to any members of the Board.

15. IMPACT OF COVID-19

The COVID-19 outbreak has caused business disruptions and has resulted in changes in the ways that entities can operate. Ongoing and changing public health orders and directives have an impact on how the Society operates and on the safety measures by which it must abide. These disruptions and increased safety requirements have, to date, had nominal negative impacts on the Society's finances. The Society has had limited access to Government programs to mitigate some of the negative impacts on operating results. At this time there continues to be significant uncertainty around the duration of the disruptions and the ultimate impacts on financial results.

RICHMOND ADDICTION SERVICES SOCIETY

Notes to Financial Statements

Year Ended March 31, 2021

16. FINANCIAL INSTRUMENTS

Financial assets include cash and cash equivalents, restricted cash and accounts receivables, and are measured at amortized cost as presented on the statement of financial position. Financial liabilities include accounts payable, sick and severance payable and due to Foundry and are measured at amortized cost as presented on the statement of financial position.

The Society is exposed to various risks through its financial instruments. The following analysis provides information about the Society's risk exposure and concentration as of March 31, 2021.

Credit risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. A significant portion of the Society's funding comes from Provincial and Municipal government grants and contracts which are considered to be reliable in terms of providing ongoing funding. Other sources of funding include grants from other charitable organizations and foundations, and from other donors. The Society does not consider there to be significant risk that a funder will not provide the funds once a grant has been awarded.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Society is exposed to this risk mainly in respect of its receipt of funds from its funders and other related sources and accounts payable. The Society ensures that it has sufficient cash on demand to meet expected operational expenses. To achieve this objective, the Society prepares annual operating budgets, which are regularly monitored and updated as considered necessary.

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in the interest rates. In seeking to minimize the risks from interest rate fluctuations, the Society manages exposure through its normal operating and financing activities. The Society is exposed to interest rate risk primarily through investments in instruments that bear interest at market rates. The Society is minimally exposed to the risk of lower investment returns if the prevailing market interest rates change significantly.

Unless otherwise noted, it is management's opinion that the Society is not exposed to significant other price risks arising from these financial instruments. There have been no changes to the risk exposures since the prior year.

17. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to the current year's presentation.
